TRANSCRIPTION SERVICES

### MEDICAL

Transcribe UK offer medical transcription facilities for NHS Trusts, Private / NHS General Practices or any other medical facility, providing a cost effective and flexible outsourced transcription solution. We understand that medical transcription is a specialist business requiring accuracy, confidentiality and experience.

### BUSINESS

Transcribe UK's internet based system allows dictations to be prioritized and the workflow monitored. Once an account has been created you can upload dictations and receive documents from anywhere with internet access, airports, hotels or even coffee shops.

### LEGAL

Transcribe UK provide an accurate and user friendly legal digital transcription service with transcribers experienced in all areas of legal transcription.

### MEDIA

Transcribe UK provide a transcription service for media professionals including;

- Journalists
- Television production companies
- Market research
- Audio visual companies

### ESTATE AGENT

Estate agents, Surveyors and Property Valuers can benefit from Transcribe UK's digital transcription service. Property surveys, HIPS reports and property schedules can be dictated using a digital recorder or mobile phone and uploaded using Transcribe UK's secure file transfer system.
